CONSOLIDATED SCHEDULE OF INVESTMENTS (Continued)
SEPTEMBER 30, 2017
(unaudited, in thousands)

Description ^{(5), (12)}	Maturity	Interest Rate ⁽¹⁾	Basis Point Spread Above Index ⁽²⁾	LIBOR Interest Rate Floor	Industry	Par Amount	Cost	Fair Value
Common Equity —0.0% of Net Assets								
Ameriforge Group Inc., Common Equity (1,570 shares) ^{(6), (11), (12)}					Manufacturing	—	—	49
Total Common Equity						\$ —	\$ —	\$ 49
Warrants —0.0% of Net Assets								
Ameriforge Group Inc., Warrants (4,984 shares) ^{(6), (11), (12)}					Manufacturing	—	—	—
Total Warrants						\$ —	\$ —	\$ —
Total Non-Control/Non-Affiliate Investments (8) —173.6% of Net Assets						\$262,238	\$239,810	\$227,796
Liabilities in Excess of Other Assets — (73.6%) of Net Assets								(96,571)
Net Assets — 100.0%								\$131,225

- (1) For each debt investment we have provided the weighted-average interest rate in effect as of September 30, 2017. For each CLO investment we have provided the yield as of September 30, 2017 determined using the effective interest method that will be applied to the current amortized cost of the investment in the following quarter. See Note 2 to the consolidated financial statements regarding the recognition of investment income on CLOs.
- (2) Floating rate debt investments typically accrue interest at a predetermined spread relative to an index, typically the London Interbank Offered Rate (“LIBOR” or “L”) or the prime index rate (“PRIME” or “P”), and reset monthly, quarterly or semi-annually. These instruments may be subject to a LIBOR or PRIME rate floor.
- (3) Investments that are not “qualifying assets” under Section 55(a) of the 1940 Act. Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. As of September 30, 2017, qualifying assets represented 75% of total assets at fair value.
- (4) These securities are exempt from registration under Rule 144A of the Securities Act of 1933, as amended. These securities may be resold in transactions that are exempt from registration, normally to qualified institutional buyers.
- (5) All first lien floating rate loans and second lien floating rate loans are held at ACSF Funding I, LLC (“ACSF Funding”), a wholly owned special purpose financing vehicle, and are pledged as collateral for a secured revolving credit facility (see Note 7).
- (6) Fair value was determined using significant unobservable inputs and are classified as Level 3 in the fair value hierarchy.
- (7) All or a portion of this position has not settled as of September 30, 2017.
- (8) Net estimated unrealized loss for federal income tax purposes is \$13,034 as of September 30, 2017 based on a tax cost of \$240,830. Estimated aggregate gross unrealized loss for federal income tax purposes as of September 30, 2017 is \$14,660; estimated aggregate gross unrealized gain for federal income tax purposes as of September 30, 2017 is \$1,626.
- (9) Debt investment has an unfunded loan commitment of \$90.9 (See Note 11).
- (10) Investment has been placed on non-accrual status as of September 30, 2017.
- (11) Non-income producing.
- (12) All of the Company’s portfolio company investments, which as of September 30, 2017 represented 173.6% of the Company’s net assets or 96.0% of the Company’s total assets, are subject to legal restrictions on sales.

See notes to consolidated financial statements.

- (1) For each debt investment we have provided the weighted-average interest rate in effect as of December 31, 2016. For each CLO investment we have provided the accounting yield as of December 31, 2016 determined using the effective interest method. See Note 2 to the consolidated financial statements regarding the recognition of investment income on CLOs.
- (2) Floating rate debt investments typically accrue interest at a predetermined spread relative to an index, typically LIBOR or PRIME, and reset monthly, quarterly or semi-annually. These instruments may be subject to a LIBOR or PRIME rate floor.
- (3) The industry groupings as of December 31, 2016 above have been reclassified to conform with current period presentation.

See notes to consolidated financial statements.

CONSOLIDATED SCHEDULE OF INVESTMENTS (Continued)
DECEMBER 31, 2016
(in thousands)

- (4) Investments that are not “qualifying assets” under Section 55(a) of the 1940 Act. Under the 1940 Act, we may not acquire any non-qualifying assets unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. As of December 31, 2016, qualifying assets represented 76% of total assets at fair value.
- (5) These securities are exempt from registration under Rule 144A of the Securities Act of 1933, as amended. These securities may be resold in transactions that are exempt from registration, normally to qualified institutional buyers.
- (6) Assets are held at ACSF Funding and are pledged as collateral for a secured revolving credit facility (see Note 7).
- (7) Fair value was determined using significant unobservable inputs and are classified as Level 3 in the fair value hierarchy.
- (8) All or a portion of this position has not settled as of December 31, 2016.
- (9) Debt investment has an unfunded loan commitment of \$81.5.
- (10) Investment has been placed on non-accrual status as of December 31, 2016.
- (11) Common equity is non-income producing.
- (12) Net estimated unrealized loss for federal income tax purposes is \$14,993 as of December 31, 2016 based on a tax cost of \$259,864. Estimated aggregate gross unrealized loss for federal income tax purposes as of December 31, 2016 is \$17,211; estimated aggregate gross unrealized gain for federal income tax purposes as of December 31, 2016 is \$2,218.
- (13) All of the Company’s portfolio company investments, which as of December 31, 2016 represented 179.0% of the Company’s net assets or 95.2% of the Company’s total assets, are subject to legal restrictions on sales.

See notes to consolidated financial statements.

AMERICAN CAPITAL SENIOR FLOATING, LTD.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

(in thousands, except per share data, percentages and as otherwise indicated; for example with the word “million” or otherwise)

Note 1. Organization

American Capital Senior Floating, Ltd. (which is referred to as “ACSF”, “we”, “us” and “our”) was organized in February 2013 as a Maryland corporation and commenced operations on October 15, 2013. We are structured as an externally managed, diversified closed-end investment management company that has elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940, as amended and the rules and regulations promulgated thereunder (the “1940 Act”) and to be taxed as a regulated investment company (“RIC”), as defined in Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”).

In November 2013, we formed a wholly owned special purpose financing vehicle, ACSF Funding I, LLC, a Delaware limited liability company (“ACSF Funding”).

On January 3, 2017, Ivy Hill Asset Management, L.P. (“IHAM” or our “Manager”), a wholly owned portfolio company of Ares Capital Corporation (“Ares Capital”) was appointed as our new investment adviser pursuant to the Interim Management Agreement (as defined below), and on such date, we entered into the Interim Management Agreement. On May 19, 2017, a new management agreement with IHAM was approved by our stockholders (the “Management Agreement”). Ares Capital is externally managed by Ares Capital Management LLC, a subsidiary of Ares Management, L.P. (“Ares Management”), a publicly traded, leading global alternative asset manager, pursuant to an investment advisory and management agreement. Our common stock is listed on the NASDAQ Global Select Market, where it trades under the symbol “ACSF.” IHAM is a SEC-registered investment adviser that was registered under the Investment Advisers Act of 1940 on March 30, 2012.

Investment Objective

Our investment objective is to provide attractive, risk-adjusted returns over the long term primarily through current income while seeking to preserve our capital. Our Manager actively manages our leveraged portfolio composed primarily of diversified investments in first lien and second lien floating rate loans principally to large-market U.S.-based companies (collectively, “Senior Floating Rate Loans” or “SFRLs”) which are commonly referred to as leveraged loans. We also invest in debt and equity tranches of collateralized loan obligations (“CLOs”) which are securitized vehicles collateralized primarily by SFRLs. In addition, we may selectively invest in loans issued by middle market companies, mezzanine and unitranche loans and high yield bonds. Additionally, we may from time to time hold or invest in other equity investments and other debt or equity securities generally arising from a restructuring of SFRL positions previously held by us.

Note 2. Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (“GAAP”) for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Article 10 of Regulation S-X. Accordingly, certain disclosures accompanying annual financial statements prepared in accordance with GAAP are omitted. In the opinion of management, all adjustments and reclassifications which are of a normal recurring nature and considered necessary for the fair presentation of the financial statements for the interim period have been included. The current period’s results of operations are not necessarily indicative of results that ultimately may be achieved for the fiscal year ending December 31, 2017. The unaudited interim consolidated financial statements and notes thereto should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2016.

The consolidated financial statements include our accounts and those of our wholly owned subsidiary, ACSF Funding. Intercompany accounts and transactions have been eliminated in consolidation. The accounts of ACSF Funding are prepared for the same reporting period as ours using consistent accounting policies. Subsequent events are evaluated and disclosed as appropriate for events occurring through the date the consolidated financial statements are issued.

Use of Estimates

The preparation of our financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amount of income and expenses during the reported period. Changes in the economic environment, financial markets, and any other parameters used in determining such estimates could cause actual results to differ.

AMERICAN CAPITAL SENIOR FLOATING, LTD.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(unaudited)

(in thousands, except per share data, percentages and as otherwise indicated; for example with the words “million” or otherwise)

Investment Classification

As required by the 1940 Act, investments are classified by level of control. “Control Investments” are defined as investments in portfolio companies that we are deemed to control, as defined in the 1940 Act. “Affiliate Investments” are investments in those companies that are affiliated companies, as defined in the 1940 Act, other than Control Investments. “Non-Control/Non-Affiliate Investments” are those that are neither Control Investments nor Affiliate Investments.

Generally, under the 1940 Act, we are deemed to control a company in which we have invested if we own more than 25% of the voting securities of such company. We are deemed to be an affiliate of a company if we own 5% or more of the voting securities of such company.

As of September 30, 2017 and December 31, 2016, all of our investments were non-control/non-affiliate investments.

Securities Transactions

Securities transactions are recorded on the trade date. The trade date for loans purchased in the “primary market” is considered the date on which the loan allocations are determined. The trade date for loans and other investments purchased in the “secondary market” is the date on which the transaction is entered into. The trade date for primary CLO equity transactions and any other security transaction entered outside conventional channels is the date on which (a) we have determined all material terms have been defined for the transaction and (b) we have obtained a right to (i) demand the securities purchased and incur an obligation to pay the price of the securities purchased or (ii) collect the proceeds of a sale and incurred an obligation to deliver the securities sold. Cost is determined based on consideration given, adjusted for amortization of original issuance discounts (“OID”), market discounts and premiums.

Realized Gain or Loss and Unrealized Gain or Loss

Realized gain or loss from an investment is recorded at the time of disposition and calculated using the weighted average cost method. Unrealized gain or loss reflects the changes in fair value of investments as determined in compliance with the valuation policy as discussed in Note 6.

Income Taxes

As a RIC under Subchapter M of the Code, we are not subject to U.S. federal income tax on the portion of our taxable income distributed to our stockholders as a dividend. We intend to distribute 100% of our taxable income and therefore do not anticipate incurring corporate-level U.S. federal or state income tax. As a RIC, we are also subject to a nondeductible federal excise tax if we do not distribute at least 98% of net ordinary income, 98.2% of any capital gain net income and any recognized and undistributed taxable income from prior years.

ASC Topic 740, *Accounting for Uncertainty in Income Taxes* (“ASC 740”), provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or provision in the current year. Determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors, including, but not limited to, an ongoing analysis of tax laws, regulations and interpretations thereof. We are not aware of any tax positions for which it is reasonably possible that the total amount of unrecognized tax benefits will change materially in the next 12 months.

If we incur interest and/or penalties in connection with our tax obligations, such amounts shall be classified as income tax expense on our consolidated statements of operations.

Investment Income

For debt investments, we record interest income on the accrual basis to the extent that such amounts are expected to be collected. OID and purchased discounts and premiums are accreted into interest income using the effective interest method, where applicable. Loan origination fees are deferred and accreted into interest income using the effective interest method. We record prepayment premiums on loans and other investments as interest income when such amounts are received. We stop accruing interest on investments when it is determined that interest is no longer collectible. As of September 30, 2017, we had one loan on non-accrual status which represents 0.6% of the total investments at cost and 0.2% of the total investments at fair value.

Interest income on CLO equity investments is recognized using the effective interest method as required by ASC Subtopic 325-40, *Investments-Other, Beneficial Interests in Securitized Financial Assets* (“ASC 325-40”). Under ASC 325-40, at the time of purchase, we estimate the future expected cash flows and determine the effective yield of an investment based on these estimated

AMERICAN CAPITAL SENIOR FLOATING, LTD.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(unaudited)

(in thousands, except per share data, percentages and as otherwise indicated; for example with the words “million” or otherwise)

cash flows and our cost basis. Subsequent to the purchase, these estimated cash flows are updated quarterly and a revised yield is calculated prospectively in accordance with ASC 320-10-35, *Investment-Debt and Equity Securities*. In the event that the fair value of an investment decreases below its current amortized cost basis, we may be required to write down the current amortized cost basis for a credit loss or to fair value depending on our hold expectations for the investment. Current amortized cost basis less the amount of any write down (“Reference Amount”) is used to calculate the effective yield used for interest income recognition purposes over the remaining life of the investment. We are precluded from reversing write downs for any subsequent increase in the expected cash flows of an investment with the effect of increasing total interest income over the life of the investment and increasing the realized loss recorded on the sale or redemption of the investment by the amount of the credit loss write down. In estimating these cash flows, there are a number of assumptions that are subject to uncertainties and contingencies. These include the amount and timing of principal payments (including prepayments, repurchases, defaults and liquidations), the pass through or coupon rate, and interest rate fluctuations. In addition, interest payment shortfalls due to delinquencies on the underlying loans and the timing and magnitude of projected credit losses on the loans underlying the securities have to be estimated. These uncertainties and contingencies are difficult to predict and are subject to future events that may impact our estimates and interest income. As a result, actual results may differ significantly from these estimates.

During the three months ended September 30, 2017, we recorded \$0.2 million in reductions to the Reference Amount on two of our CLO equity investments. During the nine months ended September 30, 2017, we recorded \$4.7 million in reductions to the Reference Amount on twelve of our CLO equity investments. During the three months ended September 30, 2016, we recorded \$0.2 million in reductions to the Reference Amount on one CLO equity investment. During the nine months ended September 30, 2016, we recorded \$1.3 million in reductions to the Reference Amount on four CLO equity investments.

Cash and Cash Equivalents

Cash and cash equivalents consist of demand deposits and highly liquid financial instruments with original maturities of 90 days or less, including those held in overnight sweep bank deposit accounts. Cash and cash equivalents are carried at cost, which approximates fair value. We place our cash and cash equivalents with financial institutions and, at times, cash held in bank accounts may exceed the Federal Deposit Insurance Corporation insured limit.

Consolidation

As permitted under Article 6 of Regulation S-X and as explained by ASC 946-810-45, *Financial Services - Investment Companies - Consolidation*, we will generally not consolidate an investment in a company other than an investment company subsidiary or a controlled operating company whose business consists primarily of providing services to us. Accordingly, we have consolidated the results of ACSF Funding in our consolidated financial statements.

Deferred Financing Costs

Deferred financing costs represent fees and other direct expenses incurred in connection with the issuance of debt. These costs are currently amortized over the life of ACSF Funding’s secured revolving credit facility using the straight line method.

Distributions to Stockholders

Distributions to stockholders are recorded on the ex-dividend date.

Other General and Administrative Expenses

Other general and administrative expenses include audit and tax fees, legal fees, board of directors' fees, rent, insurance, IT system costs, custody, transfer agent and other operating expenses. These expenses are recognized as incurred on an accrual basis.

Note 3. Management Agreement

Prior to January 3, 2017, we were managed by American Capital ACSF Management, LLC (our “Prior Manager”), an indirect wholly owned subsidiary of American Capital, Ltd (“American Capital”), pursuant to a management agreement dated January 15, 2014 between us and our Prior Manager (the “Prior Management Agreement”). On January 3, 2017, IHAM was appointed as our new investment adviser. Additionally, on January 3, 2017, we entered into an interim management agreement with our Manager pursuant to Rule 15a-4 adopted under the 1940 Act (the “Interim Management Agreement”). The Prior Management Agreement was automatically terminated in accordance with its terms as a result of its deemed “assignment” under the 1940 Act, following the acquisition of American Capital by Ares Capital on January 3, 2017. On May 19, 2017, the Management Agreement was approved by our stockholders, and on such date, we entered into the Management Agreement.

AMERICAN CAPITAL SENIOR FLOATING, LTD.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(unaudited)

(in thousands, except per share data, percentages and as otherwise indicated; for example with the words “million” or otherwise)

The Management Agreement provides that our Manager will be compensated for serving as ACSF's investment adviser at the same rate as in the Prior Management Agreement: an annual rate of 0.80% of our total assets, excluding cash and cash equivalents and net unrealized gain or loss, each as determined under GAAP at the end of the most recently completed fiscal quarter, with no incentive fee. For the three and nine months ended September 30, 2017, we recognized a management fee expense of \$497 and \$1,561, respectively. For the three and nine months ended September 30, 2016, we recognized a management fee expense of \$512 and \$1,520, respectively.

Pursuant to the Prior Management Agreement, our Prior Manager agreed to be responsible for certain of our operating expenses in excess of 0.75% of our consolidated net assets, less net unrealized gain or loss, each as defined under GAAP at the end of the most recently completed fiscal quarter for the first 24 months following the date of our initial public offering (“IPO”) in January 2014 (the “Prior Expense Cap”). The Prior Expense Cap was voluntarily extended by our Prior Manager until the termination of the Prior Management Agreement, and thus the Prior Expense Cap expired on January 3, 2017.

Pursuant to the Management Agreement, the services of all investment professionals and staff of our investment adviser, when and to the extent engaged in providing investment advisory and management services to us, are provided and paid for by our investment adviser. We are responsible for all other expenses of our operations and transactions, including, but not limited to, costs incurred in connection with formation and capital raising activities; transaction costs incident to the acquisition, disposition, financing, hedging and ownership of our and our subsidiaries' investments; diligence costs incurred for prospective investments; expenses incurred in contracting with third parties; external legal, auditing, accounting, consulting, investor relations, portfolio valuation, brokerage and administrative fees and expenses; the compensation and expenses of our directors who are not employees of our Manager or any of its affiliates and the cost of liability insurance to indemnify our directors and officers and the officers and employees of our Manager and its affiliates who provide services to us; the costs associated with our indebtedness; expenses related to the payment of dividends; costs incurred by the Board and personnel of our Manager or its affiliates for travel on our behalf; expenses relating to communications to holders of our securities, including our website, and in complying with the continuous reporting and other requirements of the SEC and other governmental bodies; tax and license fees applicable to us and our subsidiaries; insurance costs incurred by us and our subsidiaries; transfer agent, custodial, trustee, third party loan administration and exchange listing fees; the costs of printing and mailing proxies and reports to our stockholders; our pro rata portion of costs associated with any computer software, hardware or information technology services that are used by us or our subsidiaries; settlement, clearing, trustee, prime brokerage and custodial fees and expenses relating to us and our subsidiaries; and our pro rata portion of rent and overhead expenses of our Manager and its affiliates required for our operations and our subsidiaries. Pursuant to the Management Agreement, for the three and nine months ended September 30, 2017, we recognized \$18 and \$58, respectively, of rent and overhead expenses that were reimbursable to our Manager. Pursuant to our Prior Management Agreement, we were responsible for reimbursing our Prior Manager, American Capital and its affiliates, for certain expenses incurred on our behalf. For the three and nine months ended September 30, 2016, we recognized \$222 and \$562, respectively, of such expenses that were reimbursable to our Prior Manager.

Beginning in the first quarter of 2017, our Manager voluntarily agreed to be responsible for certain of our 2017 quarterly other operating expenses in excess of a certain percentage of our consolidated net assets, less net unrealized gain or loss, each as defined under GAAP (individually, for each such quarter, a “Voluntary Expense Cap” and collectively, the “Voluntary Expense Caps”). The first quarter 2017 Voluntary Expense Cap was calculated based on an annual rate of 0.75% of our consolidated net assets less net unrealized gain or loss as of March 31, 2017. The second quarter 2017 Voluntary Expense Cap and third quarter 2017 Voluntary Expense Cap were calculated based on an annual rate of 1.00% of our consolidated net assets less net unrealized gain or loss as of June 30, 2017 and September 30, 2017, respectively.

For the three and nine months ended September 30, 2017, our Manager was responsible for \$59 and \$673, respectively, of other operating expenses as a result of the applicable Voluntary Expense Caps. For the three and nine months ended September 30, 2016, our Prior Manager was responsible for \$283 and \$976, respectively, of other operating expenses as a result of the Prior Expense Cap.

Additionally, for the fourth quarter of fiscal 2017, our Manager has voluntarily agreed to be responsible for certain of our quarterly other operating expenses in excess of an annual rate of 1.25% of our consolidated net assets less unrealized gain or loss as of December 31, 2017, provided that the Management Agreement remains effective as of the date we file our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. Our Manager has not agreed to be responsible for any of our operating expenses beyond December 31, 2017.

Note 4. Related Party Transactions

Administrative Services Agreement

We are externally managed by our Manager and do not have any employees. Our Manager is responsible for administering our business activities and day-to-day operations pursuant to the Management Agreement as discussed in Note 3 above. Further, pursuant to the Management Agreement, our Manager has agreed to provide us with certain administrative services. Our Manager provides such services to us via its administrative services agreement (the “Administrative Agreement”) with Ares Operations LLC (“Ares Operations”), a subsidiary of Ares Management, pursuant to which Ares Operations provides IHAM with, among other things, office facilities, equipment, clerical, bookkeeping and record keeping services, services relating to the marketing and sale of interests in vehicles managed by IHAM, managing the services and oversight of custodians, depositories, accountants, attorneys, underwriters and such other persons in any other capacity deemed to be necessary, which allows IHAM to fulfill all of its responsibilities under the Management Agreement. Payments made to Ares Operations by our Manager under the Administrative Agreement are equal to an amount based upon the allocable portion of Ares Operations’ overhead and other expenses (including travel expenses) incurred by Ares Operations in performing its obligations under the Administrative Agreement, including the allocable portion of the compensation, rent and overhead expenses of certain of IHAM’s officers and their respective staffs incurred on our behalf.

Note 5. Earnings Per Share

The following table sets forth the computation of basic and diluted earnings per share for the three and nine months ended September 30, 2017 and 2016:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2017	2016	2017	2016
Numerator — Net Earnings	\$ 21	\$ 10,349	\$ 3,166	\$ 22,785
Denominator — weighted average shares	10,000	10,000	10,000	10,000
Net Earnings per share — basic and diluted	\$ —	\$ 1.03	\$ 0.32	\$ 2.28

Note 6. Investments

We value our investments at fair value in accordance with the 1940 Act and ASC Topic 820, Fair Value Measurements and Disclosures (“ASC 820”), which defines fair value as the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. Due to the uncertainty inherent in the valuation process, estimates of fair value may differ significantly from the values that would have been used had a ready market for our investments existed, and the differences could be material. Additionally, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on the investments to be different than the valuations currently assigned.

ASC 820 provides a framework for measuring the fair value of assets and liabilities and provides guidance regarding a fair value hierarchy, which prioritizes information used to measure fair value and the effect of fair value measurements on earnings. When available, we determine the fair value of our investments using unadjusted quoted prices from active markets. Where inputs for an asset or liability fall into more than one level in the fair value hierarchy, the investment is classified in its entirety based on the lowest level input that is significant to that investment’s fair value measurement. We use judgment and consider factors specific to the investment when determining the significance of an input to a fair value measurement. Our policy is to recognize transfers in and out of levels as of the beginning of each reporting period. The three levels of the fair value hierarchy and investments that fall into each of the levels are described below:

Level 1: Inputs are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. This may include valuations based on executed trades, broker quotations that constitute an executable price, and alternative pricing sources supported by observable inputs which, in each case, are either directly or indirectly observable for the asset in connection with market data at the measurement date.

Level 3: Inputs are unobservable and cannot be corroborated by observable market data. In certain cases, investments classified within Level 3 may include securities for which we have obtained indicative quotes from broker-dealers that do not necessarily represent prices the broker may be willing to trade on.

AMERICAN CAPITAL SENIOR FLOATING, LTD.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(unaudited)

(in thousands, except per share data, percentages and as otherwise indicated; for example with the words “million” or otherwise)

The valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. Our SFRLs are predominately valued based on evaluated prices from a nationally recognized independent pricing service or from third-party brokers who make markets in such debt investments. When possible, we make inquiries of third-party pricing sources to understand their use of significant inputs and assumptions. We review the third-party fair value estimates and perform procedures to validate their reasonableness, including an analysis of the range and dispersion of third-party estimates, frequency of pricing updates, comparison of recent trade activity for similar securities, and review for consistency with market conditions observed as of the measurement date.

There may be instances when independent or third-party pricing sources are not available, or cases where we believe that the third-party pricing sources do not provide sufficient evidence to support a market participant’s view of the fair value of the debt investment being valued. These instances may result from an investment in a less liquid loan such as a middle market loan, a mezzanine loan or unitranche loan, or a loan to a company that has become financially distressed. In these instances, we may estimate the fair value based on a combination of a market yield valuation methodology and evaluated pricing discussed above, or solely based on a market yield valuation methodology. Under the market yield valuation methodology, we estimate the fair value based on a discounted cash flow technique. For these loans, the unobservable inputs used in the market yield valuation methodology to measure fair value reflect management’s best estimate of assumptions that would be used by market participants when pricing the investment in a hypothetical transaction, including estimated remaining life, current market yield and interest rate spreads of similar loans and securities as of the measurement date. We will estimate the remaining life based on market data for the average life of similar loans. However, if we have information that the loan is expected to be repaid in the near term, we would use an estimated remaining life based on the expected repayment date. The average life to be used to estimate the fair value of our loans may be shorter than the legal maturity of the loans since many loans are prepaid prior to the maturity date. The interest rate spreads used to estimate the fair value of our loans is based on current interest rate spreads of similar loans. If there is a significant deterioration of the credit quality of a loan, we may consider other factors that a hypothetical market participant would use to estimate fair value, including the proceeds that would be received in a liquidation analysis.

We estimate the fair value of our CLO equity investments using a combination of third-party broker quotes, purchases or sales of the same or similar securities, and cash flow forecasts subject to assumptions that a market participant would use regarding the investments’ underlying collateral, including, but not limited to, assumptions for default and recovery rates, reinvestment spreads and prepayment rates. Cash flow forecasts are discounted using market participant’s market yield assumptions that are derived from multiple sources, including, but not limited to, third-party broker quotes, industry research reports and transactions of securities and indices with similar structures and risk characteristics. We weight the use of third-party broker quotes, if any, when determining fair value based on our understanding of the level of actual transactions used by the broker to develop the quote and whether the quote was an indicative price or binding offer, the depth and consistency of broker quotes and the correlation of changes in broker quotes with underlying performance and other market indices.

The following fair value hierarchy tables set forth our investments measured at fair value on a recurring basis by level as of September 30, 2017 and December 31, 2016:

	September 30, 2017			
	Total	Level 1	Level 2	Level 3
First lien floating rate loans	\$ 175,274	\$ —	\$ 143,627	\$ 31,647
Second lien floating rate loans	13,263	—	11,964	1,299
CLO equity	39,210	—	—	39,210
Common equity	49	—	—	49
Warrants	—	—	—	—
Total Investments	\$ 227,796	\$ —	\$ 155,591	\$ 72,205

	December 31, 2016			
	Total	Level 1	Level 2	Level 3
First lien floating rate loans	\$ 188,098	\$ —	\$ 188,098	\$ —
Second lien floating rate loans	15,429	—	14,875	554
CLO equity	41,329	—	—	41,329
Common equity	16	—	—	16
Total Investments	\$ 244,872	\$ —	\$ 202,973	\$ 41,899

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(unaudited)

(in thousands, except per share data, percentages and as otherwise indicated; for example with the words “million” or otherwise)

The following table provides a summary of the changes in fair value of Level 3 assets for the nine months ended September 30, 2017, as well as the portion of net unrealized gain (loss) for the nine months ended September 30, 2017 related to those assets still held as of September 30, 2017:

	First Lien Floating Rate Loans	Second Lien Floating Rate Loans	CLO Equity	Common Equity	Warrants	Total
December 31, 2016 ⁽¹⁾	\$ —	\$ 554	\$ 41,329	\$ 16	\$ —	\$ 41,899
Purchases	21,442	1,009	11,974	—	—	34,425
Sales	(522)	—	(7,355)	(9)	—	(7,886)
Repayments ⁽²⁾	(3,660)	(1,071)	(8,673)	—	—	(13,404)
Amortization of discount / premium ⁽³⁾	16	(1)	4,772	—	—	4,787
Transfers out ⁽⁴⁾	(18,727)	(1,929)	—	—	—	(20,656)
Transfers in ⁽⁴⁾	32,836	2,720	—	52	—	35,608
Net realized gain (loss)	8	(8)	(5,506)	9	—	(5,497)
Net unrealized gain (loss)	254	25	2,669	(19)	—	2,929
Ending Balance – September 30, 2017	<u>\$ 31,647</u>	<u>\$ 1,299</u>	<u>\$ 39,210</u>	<u>\$ 49</u>	<u>\$ —</u>	<u>\$ 72,205</u>
Net change in unrealized gain (loss) attributable to our Level 3 assets still held as of September 30, 2017	\$ 335	\$ 22	\$ 1,146	\$ 49	\$ —	\$ 1,552

(1) Beginning balances as of December 31, 2016 are presented as stated in our December 31, 2016 Annual Report on Form 10-K and were not updated to reflect the differences resulting from exercising judgment on observability of inputs to leveling as discussed in note (4) below. The financial effects of these differences appear as transfer between Level 2 and Level 3 during the current fiscal quarter.

(2) Includes total cash distributions from CLO equity investments.

(3) Includes income accrual from CLO equity investments.

(4) Investments were transferred into and out of Level 3 and Level 2 due to changes in the quantity and quality of inputs obtained to support the fair value of each investment. Transfers into and out of the levels are recognized at the beginning of the period. Transfers into Level 3 for Floating Rate Loans were due to an accounting policy change to classify vendor priced securities with only one broker quote supporting the price as a Level 3 investment beginning in the first quarter of 2017.

The following table provides a summary of the changes in fair value of Level 3 assets for the nine months ended September 30, 2016 as well as the portion of net unrealized gain (loss) for the nine months ended September 30, 2016 related to those assets still held as of September 30, 2016:

	First Lien Floating Rate Loans	Second Lien Floating Rate Loans	CLO Equity	Common Equity	Total
Beginning Balance – December 31, 2015	\$ —	\$ 359	\$ 36,854	\$ 47	\$ 37,260
Purchases	—	—	1,493	—	1,493
Repayments ⁽¹⁾	—	(33)	(10,049)	—	(10,082)
Amortization of discount/premium ⁽²⁾	—	1	5,215	—	5,216
Net unrealized gain (loss)	—	201	5,343	(40)	5,504
Ending Balance – September 30, 2016	<u>\$ —</u>	<u>\$ 528</u>	<u>\$ 38,856</u>	<u>\$ 7</u>	<u>\$ 39,391</u>
Net change in unrealized gain (loss) attributable to our Level 3 assets still held as of September 30, 2016	\$ —	\$ 201	\$ 5,343	\$ (40)	\$ 5,504

(1) Includes total cash distributions from CLO equity investments.

(2) Includes income accrual from CLO equity investments.

AMERICAN CAPITAL SENIOR FLOATING, LTD.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(unaudited)

(in thousands, except per share data, percentages and as otherwise indicated; for example with the words “million” or otherwise)

The following table summarizes the significant unobservable inputs used in the determination of fair value for our Level 3 investments by category of investment and valuation technique as of September 30, 2017:

	Fair Value	Valuation Techniques/ Methodology	Significant Unobservable Inputs	Range		Weighted Average
				Minimum	Maximum	
First lien floating rate loans	\$ 31,647	Third-party vendor pricing service	N/A	N/A	N/A	N/A
Second lien floating rate loans	1,299	Third-party vendor pricing service	N/A	N/A	N/A	N/A
CLO equity	39,210	Third-party vendor pricing service	N/A	N/A	N/A	N/A
Common equity	49	Third-party vendor pricing service	N/A	N/A	N/A	N/A
Warrants	—	EV Market Multiple Analysis	EBITDA Multiple	2.0x	2.0x	2.0x
Total	<u>\$ 72,205</u>					

The following table summarizes the significant unobservable inputs used in the determination of fair value for our Level 3 investments by category of investment and valuation technique as of December 31, 2016:

	Fair Value	Valuation Techniques/ Methodology	Significant Unobservable Inputs	Range		Weighted Average
				Minimum	Maximum	
Second lien floating rate loans	\$ 554	Third-party vendor pricing service	N/A	N/A	N/A	N/A
CLO equity	41,329	Discounted cash flow	Discount rate Prepayment rate Default rate	11.7% 25.0% 2.2%	26.7% 25.0% 2.7%	17.0% 25.0% 2.4%
Common equity	16	Third-party vendor pricing service	N/A	N/A	N/A	N/A
Total	<u>\$ 41,899</u>					

The significant unobservable inputs used in the fair value measurement of CLO equity include the default and prepayment rates used to establish projected cash flows and the discount rate applied in the valuation models to those projected cash flows. An increase in any one of these individual inputs in isolation would likely result in a decrease to fair value. However, given the interrelationship between these inputs, overall market conditions would likely have a more significant impact on our Level 3 fair values than changes in any one unobservable input. Our maximum exposure to loss due to credit risk is their fair value.

Note 7. Debt

Secured Revolving Credit Facility

ACSF Funding is a party to a secured revolving credit facility with Bank of America, N.A. (as amended and restated, the “Credit Facility”), which allows ACSF Funding to borrow up to \$135,000. The Credit Facility matures on December 18, 2018. ACSF Funding may make draws under the Credit Facility from time to time to purchase or acquire certain eligible assets. The Credit Facility is secured by ACSF Funding’s assets pursuant to a security agreement and contains customary financial and negative covenants and events of default. On January 3, 2017, ACSF Funding entered into an amendment to the documents governing the Credit Facility that amended the relevant provisions of the Credit Facility to reflect the appointment of IHAM as ACSF’s new investment adviser. As of September 30, 2017 and December 31, 2016, the fair value of the assets pledged as collateral in ACSF Funding was \$188,537 and \$207,827, respectively. The Credit Facility is non-recourse to ACSF. Amounts drawn under the Credit Facility bear interest at a rate per annum equal to either (a) LIBOR plus 1.80%, or (b) 0.80% plus the highest of (i) the Federal funds rate plus 0.50%, (ii) Bank of America, N.A.’s prime rate or (iii) one-month LIBOR plus 1%. ACSF Funding may borrow, prepay and reborrow loans under the Credit Facility at any time prior to November 18, 2018, the commitment termination date, subject to certain terms and conditions, including maintaining a sufficient borrowing base. Any outstanding balance on the Credit Facility as of the commitment termination date must be repaid by the maturity date unless otherwise extended.

ACSF Funding is required to pay a commitment fee in an amount equal to 0.75% on the actual daily unused amount of the current lender commitments under the Credit Facility to the extent the outstanding amount of committed loans is less than an amount equal to 90% of the aggregate commitments through the commitment termination date, payable quarterly in arrears.

As of September 30, 2017, there was \$96,800 outstanding under the Credit Facility, which had a fair value of \$96,800 and a stated interest rate of 3.01%. As of December 31, 2016, there was \$104,900 outstanding under the Credit Facility, which had a fair value of \$104,900 and a stated interest rate of 2.52%. The fair value of the Credit Facility is determined in accordance with ASC 820, which defines fair value in terms of the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions and is measured with Level 3 inputs. As of September 30, 2017 and December 31, 2016, ACSF and ACSF Funding were in compliance in all material respects with all covenants of the Credit Facility, including compliance with a borrowing base that applies various advance rates of up to 80% on the assets pledged as collateral by ACSF Funding.

For the three months ended September 30, 2017, we incurred interest and commitment fees on the Credit Facility of \$811 and \$57, respectively. For the nine months ended September 30, 2017, we incurred interest and commitment fees on the Credit Facility of \$2,122 and \$202, respectively. For the three months ended September 30, 2016, we incurred interest and commitment fees on the Credit Facility of \$572 and \$70, respectively. For the nine months ended September 30, 2016, we incurred interest and commitment fees on the Credit Facility of \$1,699 and \$201, respectively.

Note 8. Taxes

Income Taxes

We have elected to be treated as a RIC for income tax purposes. In order to qualify as a RIC, among other things, we are required to distribute annually at least 90% of our ordinary income, including net short term gains in excess of net long term losses. So long as we qualify as a RIC, we are not subject to the entity level taxes on earnings timely distributed to our stockholders. We intend to make sufficient annual distributions to substantially eliminate our corporate level income taxes.

Income determined under GAAP differs from income determined under tax because of both temporary and permanent differences in income and expense recognition, including (i) unrealized gains and losses associated with debt investments marked to fair value for GAAP but excluded from taxable income until realized or settled, (ii) timing differences on income recognition for our CLO equity investments, (iii) premium amortization and gain adjustments attributable to net built-in gains recognized upon our IPO and (iv) capital losses in excess of capital gains earned in a tax year do not reduce current year taxable income, and generally can be carried forward to offset capital gains.

At our discretion, we may delay distributions of a portion of our current year taxable income to the subsequent year and pay 4% excise taxes on such deferred distributions as calculated under the Code. If we anticipate paying excise taxes, we accrue excise taxes on a quarterly basis based on our estimates. For the three and nine months ended September 30, 2017, we recorded an excise tax provision of \$5 and \$33, respectively. For the three months ended September 30, 2016, we recorded an excise tax provision of \$23. For the nine months ended September 30, 2016, we recorded an excise tax benefit of \$75.

Note 9. Consolidated Financial Highlights

	Nine Months Ended September 30,	
	2017	2016
Per Share Data:		
Net asset value, beginning of period	\$ 13.68	\$ 11.79
Net investment income	0.81	0.90
Net realized and unrealized gain (loss) on investments	(0.50)	1.38
Net Earnings	0.31	2.28
Distributions to stockholders	(0.87)	(0.87)
Net asset value, end of period	\$ 13.12	\$ 13.20
Per share market value, end of period	\$ 11.50	\$ 11.03
Total return based on market value ^{(1), (5)}	3.52%	22.37%
Total return based on net asset value ^{(1), (5)}	2.32%	22.10%
Ratios to Average Net Assets:		
Net investment income ⁽²⁾	8.13%	9.81%
Operating expenses ^{(2), (3)}	2.43%	2.41%
Interest and related expenses ⁽²⁾	2.38%	2.15%
Total expenses ^{(2), (3)}	4.81%	4.56%
Supplemental Data:		
Net assets, end of period	\$ 131,225	\$ 131,984
Shares outstanding, end of period	10,000	10,000
Average debt outstanding	\$ 99,383	\$ 98,496
Asset coverage per unit, end of period ⁽⁴⁾	\$ 2,356	\$ 2,320
Portfolio turnover ratio ⁽⁵⁾	46.82%	35.64%

- (1) Total return is based on the change in market price or net asset value per share, as applicable, during the period and takes into account distributions reinvested in accordance with the dividend reinvestment and stock purchase plan.
- (2) Annualized for periods less than one year.
- (3) For the nine months ended September 30, 2017, the ratio of operating expenses to average net assets and the ratio of total expenses to average net assets are shown net of the reimbursement as a result of the applicable Voluntary Expense Caps. The ratio of operating expenses to average net assets and the ratio of total expenses to average net assets would be 3.10% and 5.48%, respectively, without the applicable Voluntary Expense Caps for the nine months ended September 30, 2017. For the nine months ended September 30, 2016, the ratio of operating expenses to average net assets and the ratio of total expenses to average net assets are shown net of the reimbursement for the Prior Expense Cap. The ratio of operating expenses to average net assets and the ratio of total expenses to average net assets would be 3.47% and 5.62%, respectively, without the Prior Expense Cap for the nine months ended September 30, 2016.
- (4) The asset coverage ratio for a class of senior securities representing indebtedness is calculated on our consolidated total assets, less all liabilities and indebtedness not represented by senior securities, divided by the senior securities representing indebtedness. This asset coverage ratio is multiplied by \$1,000 to determine the asset coverage per unit.
- (5) Not annualized for periods less than one year.

Note 10. Capital Transactions

On August 8, 2017, we declared a monthly cash distribution to stockholders of \$0.097 per share for each of August, September and October 2017. See also Note 12.

Note 11. Commitments and Contingencies

In the ordinary course of business, we may be a party to certain legal proceedings, including actions brought against us and others with respect to investment transactions. The outcomes of any such legal proceedings are uncertain and, as a result of these proceedings, the values of the investments to which they relate could decrease. We were not subject to any material litigation against us as of September 30, 2017 or December 31, 2016.

Commitments to extend credit include loan proceeds we are obligated to advance, such as delayed draws or revolving credit arrangements. Commitments generally have fixed expiration dates or other termination clauses. Unrealized gains or losses associated with unfunded commitments are recorded in the consolidated financial statements and reflected as an adjustment to the fair value of the related security in the Consolidated Schedule of Investments. The par amount of the unfunded commitments are

AMERICAN CAPITAL SENIOR FLOATING, LTD.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(unaudited)

(in thousands, except per share data, percentages and as otherwise indicated; for example with the words “million” or otherwise)

not recognized by the Company until the commitment becomes funded. As of September 30, 2017, we had \$90.9 of outstanding unused loan commitments. As of December 31, 2016, we had \$81.5 of outstanding unused loan commitments.

Note 12. Subsequent Events

We declared a monthly cash distribution to stockholders of \$0.097 per share for each of November and December, 2017 and January 2018. The monthly cash distributions will be paid to common stockholders of record as set forth in the table below:

	Distribution per Share	Record Date	Ex-Dividend Date	Payment Date
November 2017	\$0.097	November 24, 2017	November 22, 2017	December 5, 2017
December 2017	\$0.097	December 22, 2017	December 20, 2017	January 4, 2018
January 2018	\$0.097	January 23, 2018	January 19, 2018	February 2, 2018

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

The information contained in this section should be read in conjunction with our financial statements and notes thereto appearing elsewhere in this report.

Forward-Looking Statements

Some of the statements in this report constitute forward-looking statements, which relate to future events or our future performance or financial condition. We generally use words such as “anticipates,” “believes,” “expects,” “intends” and similar expressions to identify forward-looking statements. Our actual results could differ materially from those projected in the forward-looking statements for any reason, including any factors set forth in “Risk Factors” included in our Annual Report on Form 10-K for the year ended December 31, 2016 and elsewhere in this report. The forward-looking statements contained herein involve risks and uncertainties, including statements as to: (i) our future operating results; (ii) our business prospects and the prospects of our portfolio companies; (iii) the impact of investments that we expect to make; (iv) our contractual arrangements and relationships with third-parties; (v) the dependence of our future success on the general economy and market conditions and their respective impact on the portfolio companies and industries in which we invest; (vi) the ability of our portfolio companies to achieve their objectives; (vii) our expected financings and investments; (viii) the adequacy of our cash resources and working capital; and (ix) the timing of cash flows, if any, from the operations of our portfolio companies.

We have based the forward-looking statements included in this report on information available to us on the date of this report, and we assume no obligation to update any such forward-looking statements. Although we undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, you are advised to consult any additional disclosures that we may make directly to you or through reports that we may file with the SEC in the future, including any annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K.

Overview

American Capital Senior Floating, Ltd. (“ACSF”, “we”, “our” and “us”), a Maryland corporation organized in February 2013 that commenced operations on October 15, 2013, is an externally managed, diversified closed-end investment management company. We have elected to be treated as a business development company (“BDC”) under the Investment Company Act of 1940, as amended, and the rules and regulations promulgated thereunder (the “1940 Act”). In addition, for tax purposes we have elected to be treated as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). We are an “emerging growth company,” as defined in the Jumpstart Our Business Startups Act of 2012 (“JOBS Act”), and intend to take advantage of the exemption for emerging growth companies allowing us to temporarily forgo the auditor attestation requirements of Section 404(b) of the Sarbanes-Oxley Act of 2002. We do not intend to take advantage of other disclosure or reporting exemptions for emerging growth companies under the JOBS Act.

Prior to January 3, 2017, we were managed by American Capital ACSF Management, LLC (our “Prior Manager”), an indirect wholly owned subsidiary of American Capital, Ltd (“American Capital”), pursuant to a management agreement dated January 15, 2014 between us and our Prior Manager (the “Prior Management Agreement”). On January 3, 2017, Ivy Hill Asset Management, L.P. (“IHAM” or our “Manager”) was appointed as our new investment adviser. Additionally, on January 3, 2017, we entered into an interim management agreement with our Manager pursuant to Rule 15a-4 adopted under the 1940 Act (the “Interim Management Agreement”). The Prior Management Agreement was automatically terminated in accordance with its terms as a result of its deemed “assignment” under the 1940 Act, following the acquisition of American Capital by Ares Capital Corporation (“Ares Capital”) on January 3, 2017. On May 19, 2017, a new management agreement with our Manager was approved by our stockholders (the “Management Agreement”), and on such date, we entered into the Management Agreement. The Management Agreement provides that our Manager will be compensated for serving as ACSF’s investment adviser at the same rate as in the Prior Management Agreement: an annual rate of 0.80% of our total assets, excluding cash and cash equivalents and net unrealized gain or loss, each as determined under GAAP at the end of the most recently completed fiscal quarter with no incentive fee.

Pursuant to the Prior Management Agreement, our Prior Manager agreed to be responsible for certain of our operating expenses in excess of 0.75% of our consolidated net assets, less net unrealized gain or loss, each as defined under GAAP at the end of the most recently completed fiscal quarter for the first 24 months following the date of our initial public offering (“IPO”) in January 2014 (the “Prior Expense Cap”). The Prior Expense Cap was voluntarily extended by our Prior Manager until the termination of the Prior Management Agreement, and thus the Prior Expense Cap expired on January 3, 2017.

Beginning in the first quarter of 2017, our Manager voluntarily agreed to be responsible for certain of our 2017 quarterly other operating expenses in excess of a certain percentage of our consolidated net assets, less net unrealized gain or loss, each as defined under GAAP (individually, for each such quarter , a “Voluntary Expense Cap” and collectively, the “Voluntary Expense Caps”). The first quarter 2017 Voluntary Expense Cap was calculated based on an annual rate of 0.75% of our consolidated net assets less net unrealized gain or loss as of March 31, 2017. The second quarter 2017 Voluntary Expense Cap and third quarter 2017 Voluntary Expense Cap were calculated based on an annual rate of 1.00% of our consolidated net assets less net unrealized gain or loss as of June 30, 2017 and September 30, 2017, respectively.

Additionally, for the fourth quarter of fiscal 2017, our Manager has voluntarily agreed to be responsible for certain of our quarterly other operating expenses in excess of an annual rate of 1.25% of our consolidated net assets less net unrealized gain or loss as of December 31, 2017, provided that the Management Agreement remains effective as of the date we file our Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Investments

Our investment objective is to provide attractive, risk-adjusted returns over the long term primarily through current income while seeking to preserve our capital. Our Manager actively manages our leveraged portfolio composed primarily of diversified investments in first lien and second lien floating rate loans principally to large-market U.S.-based companies (collectively, “SFRLs” or “Loan Portfolio”) which are commonly referred to as leveraged loans. Standard and Poor’s (“S&P”) defines large-market loans as loans to issuers with earnings before interest, taxes, depreciation and amortization (“EBITDA”) of greater than \$50 million. SFRLs are typically collateralized by a company’s assets and structured with first lien or second lien priority on collateral, providing for greater security and potential recovery in the event of default compared to other subordinated fixed-income products. We also invest in debt and equity tranches of collateralized loan obligations (“CLOs”) which are securitized vehicles collateralized primarily by SFRLs. In addition, we may selectively invest in loans issued by middle market companies, mezzanine and unitranche loans and high yield bonds. Additionally, we may from time to time hold or invest in other equity investments and other debt or equity securities generally arising from a restructuring of SFRL positions previously held by us. Under normal market conditions, we will invest at least 80% of our assets in SFRLs.

Our level of investment activity can vary substantially from period to period depending on many factors, including the amount of debt and equity capital available to U.S. based large-market private companies, the level of merger and acquisition activity for such companies, the general economic environment, market conditions and the competitive environment for the types of investments we make. As a BDC, we must not acquire any assets other than “qualifying assets” as defined by Section 55(a) of the 1940 Act unless, at the time the acquisition is made, at least 70% of our total assets are qualifying assets (with certain limited exceptions). Qualifying assets include investments in “eligible portfolio companies.” The definition of “eligible portfolio company” includes private operating companies and certain public companies whose securities are listed on a national securities exchange but whose market capitalization is less than \$250 million, in each case organized under the laws of and with their principal place of business located in the United States. Investments in debt and equity tranches of CLOs are generally deemed non-qualified assets for BDC compliance purposes; therefore, under normal market conditions, we intend to limit our CLO investments to 20% of our portfolio.

Current Market Conditions

Economic and market conditions can impact our business and our investments in multiple ways, including the financial condition of the portfolio companies in which we invest, our investment returns, our funding costs, our access to the capital markets and our access to credit. The leveraged loan market has grown substantially in recent years with the amount of total leveraged loans outstanding exceeding \$1 trillion as of September 30, 2017. Growth has largely been a function of the resilient performance of the asset class across multiple credit cycles coupled with the changing regulatory and investor landscape and the attractive floating rate nature of the assets. Despite uncertainties regarding economic and market conditions, the new issue loan pipeline in the leveraged loan market remains active, with first lien and second lien transactions that support leveraged buyouts, strategic acquisitions, plant expansions, recapitalizations and refinancings for mid to large-sized borrowers.

During the nine months ended September 30, 2017, leveraged loan market volumes were strong with over \$700 billion of new issuance (including repricings), exceeding 2016 and 2015 full-year levels. Of the total new issuance, over \$400 billion was driven by loan refinancings or recapitalizations. In the third quarter of 2017, refinancing activity tailed off while institutional merger and acquisition (“M&A”) activities increased over the prior year driven both by leveraged buyouts (“LBOs”) and non-LBO related M&A activity. Despite sector specific stresses, most notably in retail, the average bid of the S&P/LSTA Leveraged Loan Index was stable at 98.0% of par at September 30, 2017 and June 30, 2017. Through the first nine months of 2017, CLO new issuance has surpassed 2016 full-year levels and is outpacing YTD 2015 issuance. During the third quarter of 2017, CLO new issuance decreased 14% to \$30.3 billion from the second quarter of 2017.

Portfolio and Investment Activity

As of September 30, 2017, our portfolio was comprised of 77% first lien loans, 6% second lien loans (collectively, the “Loan Portfolio”) and 17% CLO equity (the “CLO Portfolio” and together with the Loan Portfolio, the “Investment Portfolio”), measured at fair value. The Loan Portfolio consisted of 136 portfolio companies in 36 industries, and the CLO Portfolio included 22 CLOs managed by 17 different collateral managers with vintages ranging from 2012 to 2017. Our Loan Portfolio consisted of all floating rate investments with 95.9% having LIBOR floors ranging between 0.75% and 1.25%. The weighted average LIBOR floor in our Loan Portfolio was 0.97% as of September 30, 2017. The following table depicts a summary of the portfolio as of September 30, 2017:

(\$ in thousands)	Cost	Fair Value	Cumulative Net Unrealized Gain (Loss)	Weighted Average Yield at Cost ⁽¹⁾
Investment Portfolio:				
First lien floating rate loans	\$ 177,705	\$ 175,274	\$ (2,431)	5.40%
Second lien floating rate loans	14,562	13,263	(1,299)	8.42%
Total Loan Portfolio	192,267	188,537	(3,730)	5.62%
CLO Portfolio	47,543	39,210	(8,333)	11.36%
Common equity	\$ —	\$ 49	\$ 49	—%
Warrants	\$ —	\$ —	\$ —	—%
Total Investment Portfolio	\$ 239,810	\$ 227,796	\$ (12,014)	6.76%

- (1) Weighted average yield at cost is computed as (a) the annual stated interest rate or yield earned on accruing debt and other income producing securities, divided by (b) the total investments in such asset type at amortized cost. The weighted average yield of our portfolio does not represent the total return to our stockholders.

The weighted average yield at cost during the three months ended September 30, 2017 on the Loan Portfolio, CLO Portfolio and the total investment portfolio was 5.61%, 11.07% and 6.69%, respectively. The weighted average yield at cost during the nine months ended September 30, 2017 on the Loan Portfolio, CLO Portfolio and the Investment Portfolio was 5.52%, 12.05% and 6.81%, respectively.

The Investment Portfolio is actively managed, with a turnover ratio of 3.69% and 46.82%, respectively, for the three and nine months ended September 30, 2017, respectively. During the three and nine months ended September 30, 2017, the rotation of the Loan Portfolio reflected our Manager’s active management style, which seeks to optimize the portfolio based on current market conditions by rotating into positions that our Manager believes have better relative values. The following tables depict the portfolio activity for the three and nine months ended September 30, 2017:

(\$ in thousands)	Three Months Ended September 30, 2017					Nine Months Ended September 30, 2017				
	First Lien	Second Lien	CLO Equity	Common Equity	Total	First Lien	Second Lien	CLO Equity	Common Equity	Total

As of September 30, 2017, approximately 66.3% of our Loan Portfolio, at fair value, was comprised of loans with a facility rating by S&P of at least “B” or higher. As of September 30, 2017, approximately 1.9% of our Loan Portfolio, at fair value was not rated by S&P. The following chart shows the S&P facility credit rating of our rated Loan Portfolio at fair value as of September 30, 2017:

Loan Portfolio by S&P Facility Rating

Results of Operations

Operating results for the three and nine months ended September 30, 2017 and 2016 were as follows:

(\$ in thousands)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2017	2016	2017	2016
Investment income:				
Senior floating rate loans	\$ 2,891	\$ 2,679	\$ 8,359	\$ 7,990
CLO equity	1,509	1,910	4,772	5,216
Total investment income	4,400	4,589	13,131	13,206
Expenses:

Net realized and unrealized gain (loss) on investments:				
Net realized loss on investments	(2,785)	(154)	(6,058)	(1,453)
Net unrealized gain on investments	157	7,395	1,079	15,284
Net gain (loss) on investments	(2,628)	7,241	(4,979)	13,831
Net increase in net assets resulting from operations (“Net Earnings”)	\$ 21	\$ 10,349	\$ 3,166	\$ 22,785

Investment Income

Investment income decreased \$0.2 million, or 4%, to \$4.4 million for the three months ended September 30, 2017 compared to the comparable period in 2016. The decrease was a result of a smaller Investment Portfolio, on average, during the third quarter of 2017 compared to the comparable period in 2016. The weighted average yield at cost on our Loan Portfolio, CLO Portfolio and Investment Portfolio was 5.61%, 11.07% and 6.69%, respectively, during the three months ended September 30, 2017, as compared to 5.37%, 10.83% and 6.51%, respectively, during the three months ended September 30, 2016.

Investment income decreased \$0.1 million, or 1% for the nine months ended September 30, 2017 compared to the comparable period in 2016. The decrease was due to a smaller Investment Portfolio, on average, during the first nine months of 2017 compared to the comparable period in 2016. The weighted average yield at cost on our Loan Portfolio, CLO Portfolio and Investment Portfolio was 5.52%, 12.05% and 6.81%, respectively, during the nine months ended September 30, 2017, as compared to 5.40%, 10.64% and 6.51%, respectively during the nine months ended September 30, 2016.

Net Expenses

For the three months ended September 30, 2017, net expenses increased \$0.3 million, or 19.8%, to \$1.7 million as compared to the comparable period in 2016. The increase in net expenses was primarily driven by an increase in interest expense due to an increase in LIBOR as well as an increase in net operating expenses after the expense reimbursement due to an increase in the Voluntary Expense Cap rate in the third quarter of 2017, thus resulting in a lower expense reimbursement from our Manager as compared to the Prior Expense Cap that resulted in a higher expense reimbursement from our Prior Manager.

For the nine months ended September 30, 2017, net expenses increased \$0.6 million, or 14%, to \$5.0 million as compared to the comparable period in 2016. The increase in net expenses was primarily driven by an increase in interest expense due to an increase in LIBOR as well as an increase in net operating expenses after the expense reimbursement due to an increase in the Voluntary Expense Cap rate in the third quarter of 2017, thus resulting in a lower expense reimbursement from our Manager as compared to the Prior Expense Cap that resulted in a higher expense reimbursement from our Prior Manager.

The following table outlines the costs associated with our Credit Facility during the three and nine months ended September 30, 2017 and 2016:

(\$ in thousands)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2017	2016	2017	2016
Interest expense	\$ 811	\$ 572	\$ 2,122	\$ 1,699
Commitment fees	57	70	202	201
Amortization of deferred financing costs	23	23	69	69
Total debt financing costs	\$ 891	\$ 665	\$ 2,393	\$ 1,969
Weighted average debt outstanding	\$ 104,850	\$ 98,496	\$ 99,383	\$ 99,873
Weighted average cost of funds ⁽¹⁾	3.29%	2.68%	3.16%	2.63%
Weighted average stated interest rate	3.02%	2.27%	2.81%	2.24%

(1) Includes interest, unfunded commitment fees and amortization of debt financing costs.

Net Realized Gain (Loss) on Investments

Sales and repayments of investments during the three months ended September 30, 2017 totaled \$32.0 million resulting in a net realized loss on investments of \$2.8 million. Sales and repayments of investments during the nine months ended September 30, 2017 totaled \$129.7 million resulting in a net realized loss on investments of \$6.1 million.

Sales and repayments of investments during the three months ended September 30, 2016 totaled \$23.9 million resulting in a net realized loss on investments of \$0.2 million. Sales and repayments of investments during the nine months ended September 30, 2016 totaled \$76.7 million resulting in a net realized loss on investments of \$1.5 million.

Net Unrealized Gain (Loss) on Investments

During the three months ended September 30, 2017, we recognized a net unrealized gain on investments of \$0.2 million composed of the reversal of net unrealized depreciation related to a net realized loss of \$2.2 million and a net unrealized loss on investments of \$2.0 million.

During the three months ended September 30, 2016, we recognized a net unrealized gain on the investment portfolio of \$7.4 million composed of the reversal of net unrealized depreciation related to a net realized loss of \$0.2 million and net unrealized appreciation on investments of \$7.2 million. The net unrealized appreciation was driven by net unrealized appreciation of \$3.9 million on the Loan Portfolio and \$3.3 million of net unrealized appreciation on the CLO Portfolio. The primary driver for the increase in fair value of the Loan Portfolio was higher prices in the broadly syndicated U.S. loan market as a result of improved loan issuance and tightening yields during the quarter. The increase in fair value of the CLO Portfolio was a result of tightening spreads and increasing trades in CLO equity.

During the nine months ended September 30, 2017, we recognized a net unrealized gain on investments of \$1.1 million primarily composed of the reversal of net unrealized depreciation related to a net realized loss of \$4.8 million and net unrealized depreciation on investments of \$3.7 million.

During the nine months ended September 30, 2016, we recognized a net unrealized gain on the investment portfolio of \$15.3 million composed of the reversal of net unrealized depreciation related to net realized losses of \$1.1 million and net unrealized appreciation on investments of \$14.2 million. The net unrealized appreciation of \$14.2 million was driven by net unrealized appreciation of \$8.8 million on the Loan Portfolio and a \$5.4 million net unrealized appreciation on the CLO Portfolio. The primary driver for the increase in fair value of the Loan Portfolio was higher prices in the broadly syndicated U.S. loan market as a result of improved inflows and tightening yields during the nine months ended September 30, 2016. The increase in fair value of the CLO Portfolio was a result of tightening spreads and increasing trades in CLO equity.

Income Taxes

We have elected to be treated as a RIC for income tax purposes. In order to qualify as a RIC, among other things, we are required to meet certain source of income and asset diversification requirements; additionally, we must distribute annually at least 90% of our ordinary income, including net short term gains in excess of net long term losses. So long as we qualify as a RIC, we generally are not subject to the entity level taxes on earnings timely distributed to our stockholders. At our discretion, we may delay distributions of a portion of our current year taxable income to the subsequent year and pay 4% excise taxes on such deferred distributions as calculated under the Code. If we anticipate paying excise taxes, we accrue excise taxes on a quarterly basis based on our estimates.

Financial Condition, Liquidity and Capital Resources

Liquidity and capital resources arise primarily from our cash flows from operations, borrowings from our wholly owned subsidiary's secured revolving credit facility and any follow-on equity offerings of common stock and other supplementary financing mechanisms.

In order to qualify as a RIC, we must annually distribute in a timely manner to our stockholders at least 90% of our taxable ordinary income. In addition, we must also distribute in a timely manner to our stockholders all of our taxable ordinary and capital income in order to not be subject to income taxes. Accordingly, our ability to retain earnings is limited.

Equity Capital

As a BDC, we are generally not able to issue or sell our common stock at a price below our net asset value per share, exclusive of any underwriting discount, except (i) with the prior approval of a majority of our stockholders, (ii) in connection with a rights offering to our existing stockholders or (iii) under such other circumstances as the SEC may permit. As of September 30, 2017, our net asset value was \$13.12 per share and our closing market price was \$11.50 per share.

Debt Capital

Our wholly owned special purpose financing vehicle, ACSF Funding I, LLC, a Delaware limited liability company, ("ACSF Funding") is party to a secured revolving credit facility with Bank of America, N.A. (as amended and restated, the "Credit Facility"). Under the Credit Facility, ACSF Funding can borrow up to \$135 million with a maturity date of December 18, 2018. The Credit Facility generally bears interest at the London Interbank Offered Rate ("LIBOR") plus 1.80% and also has a commitment fee equal to 0.75% on the unused amount of the commitments to the extent the outstanding amount of loans is less than 90% of the aggregate commitments. The Credit Facility is secured by ACSF Funding's assets pursuant to a security agreement and contains customary financial and negative covenants and events of default. Advance rates vary on the type of collateral owned by ACSF Funding and can range up to 80%. On January 3, 2017, ACSF Funding entered into an amendment to the documents governing the Credit Facility that amended the relevant provisions of the Credit Facility to reflect the appointment of our Manager as our new investment adviser.

As of September 30, 2017, we had \$96.8 million in borrowings outstanding on our Credit Facility. The fair value of the assets owned by ACSF Funding as of September 30, 2017 was \$188.5 million and the borrowing base was \$143.4 million. On a consolidated basis, as of September 30, 2017, ACSF's ratio of our principal debt outstanding to stockholders equity was 0.74 to 1. As of September 30, 2017, we had approximately \$38.2 million of available capacity on our Credit Facility.

As a BDC, we are permitted to issue "senior securities," as defined in the 1940 Act, in any amount as long as immediately after such issuance our asset coverage is at least 200%, or equal to or greater than our asset coverage prior to such issuance, after taking into account the payment of debt with proceeds from such issuance. Asset coverage is defined in the 1940 Act as the ratio of the value of the total assets, less all liabilities and indebtedness not represented by senior securities, to the aggregate amount of senior securities representing indebtedness. However, if our asset coverage is below 200%, we may also borrow amounts up to 5% of our total assets for temporary purposes even if that would cause our asset coverage ratio to further decline. As of September 30, 2017 and December 31, 2016, our asset coverage was 236% and 230%, respectively.

Off-Balance Sheet Arrangements

Commitments to extend credit include loans we are obligated to advance, such as delayed draws or revolving credit arrangements. Commitments generally have fixed expiration dates or other termination clauses. We do not report the unused portion of these commitments on our Consolidated Statements of Assets and Liabilities. As of both September 30, 2017 and December 31, 2016, we had \$0.1 million of outstanding unused loan commitments.

Distributions to Stockholders

The timing and amount of our distributions, if any, will be determined by our Board. When determining distributions to stockholders, our Board considers estimated taxable income, GAAP income and economic performance. Actual taxable income may differ from GAAP income due to temporary and permanent differences in income and expense recognition and changes in unrealized appreciation and depreciation on investments. All distributions to our stockholders are declared out of assets legally available for distribution. We expect that our distributions to stockholders will generally be from accumulated net investment income and from net realized capital gains, if any, as applicable. To the extent our taxable earnings fall below the total amount of our distributions for any given fiscal year, a portion of those distributions may be deemed to be a tax return of capital to our stockholders. Thus, the source of a distribution to our stockholders may be the original capital invested by the stockholder rather than our taxable ordinary income or capital gains. Stockholders should read any written disclosure accompanying a distribution payment carefully and should not assume that the source of any distribution is our taxable ordinary income or capital gain. The specific tax characteristics are reported to stockholders on Form 1099 after the end of each calendar year.

We have elected to be taxed as a RIC under Subchapter M of the Code. To maintain our RIC status, we must distribute at least 90% of our ordinary income and the excess of net short term gains over the net long term losses, if any, out of the assets legally available for distribution. During the years ended December 31, 2016 and 2015, 100% of our distributions were made from net investment income. A written statement identifying the nature of these distributions for tax reporting purposes for the year was posted on our website. We may not be able to achieve operating results that will allow us to make distributions at a specific level or to increase the amounts of these distributions from time to time. In addition, we may be limited in our ability to make distributions due to the asset coverage requirements applicable to us as a BDC under the 1940 Act. If we do not distribute a certain percentage of our income annually, we will suffer adverse tax consequences, including possible loss of favorable RIC tax treatment. We cannot assure stockholders that they will receive any distributions.

The table below details the distributions to stockholders declared on our shares of common stock during the nine months ended September 30, 2017 and 2016 (\$ in thousands except for per share data):

(\$ in thousands, except per share data)

Monthly Declaration Date	Ex-Dividend Date	Record Date	Payment Date	Per Share Amount	Total Amount
February 3, 2017	February 15, 2017	February 17, 2017	March 2, 2017	\$ 0.097	\$ 970
February 3, 2017	March 21, 2017	March 23, 2017	April 4, 2017	0.097	970
February 3, 2017	April 18, 2017	April 20, 2017	May 2, 2017	0.097	970
May 10, 2017	May 22, 2017	May 24, 2017	June 2, 2017	0.097	970
May 10, 2017	June 21, 2017	June 23, 2017	July 6, 2017	0.097	970
May 10, 2017	July 20, 2017	July 24, 2017	August 2, 2017	0.097	970
August 8, 2017	August 22, 2017	August 24, 2017	September 5, 2017	0.097	970
August 8, 2017	September 20, 2017	September 22, 2017	October 4, 2017	0.097	970
August 8, 2017	October 19, 2017	October 23, 2017	November 2, 2017	0.097	970
Total declared during the nine months ended September 30, 2017				\$ 0.873	\$ 8,730
February 8, 2016	February 17, 2016	February 19, 2016	March 2, 2016	\$ 0.097	\$ 970
February 8, 2016	March 21, 2016	March 23, 2016	April 4, 2016	0.097	970

May 2, 2016	May 19, 2016	May 23, 2016	June 2, 2016	0.097	970
May 2, 2016	June 21, 2016	June 23, 2016	July 5, 2016	0.097	970
May 2, 2016	July 19, 2016	July 21, 2016	August 2, 2016	0.097	970
August 3, 2016	August 19, 2016	August 23, 2016	September 2, 2016	0.097	970
August 3, 2016	September 19, 2016	September 22, 2016	October 4, 2016	0.097	970
August 3, 2016	October 19, 2016	October 21, 2016	November 2, 2016	0.097	970
Total declared during the nine months ended September 30, 2016				\$ 0.873	\$ 8,730

We maintain an “opt out” dividend reinvestment and stock purchase plan for our common stockholders. As a result, if we declare a distribution, then stockholders' cash distributions will be automatically reinvested in additional shares of our common stock, unless they, or their nominees on their behalf, specifically “opt out” of the dividend reinvestment and stock purchase plan so as to receive cash distributions. Stockholders that opt out of our dividend reinvestment and stock purchase plan may experience dilution over time.

Critical Accounting Policies

See Note 2 to our consolidated financial statements for the three and nine months ended September 30, 2017, which describes our critical accounting policies. The recently issued accounting pronouncements not yet required to be adopted by us are as follows.

New Accounting Pronouncements

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments* (“ASU 2016-13”), which amends the financial instruments impairment guidance so that an entity is required to measure expected credit losses for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts. As such, an entity will use forward-looking information to estimate credit losses. ASU

2016-13 also amends the guidance in FASB ASC Subtopic No. 325-40, *Investments-Other, Beneficial Interests in Securitized Financial Assets* related to the subsequent measurement of accretable yield recognized as interest income over the life of a beneficial interest in securitized financial assets under the effective yield method. ASU 2016-13 is effective for public business entities that meet the U.S. GAAP definition of an SEC filer, for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Early adoption is permitted as of the fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are currently evaluating the impact of ASU 2016-13 on the recognition of interest income on our investments in CLO equity.

In August 2016, the FASB issued ASU No. 2016-15, *Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments (a consensus of the Emerging Issues Task Force)* (“ASU 2016-15”), which addresses the diversity in practice in how certain cash receipts and cash payments are presented and classified in the statement of cash flows under ASC 230, *Statement of Cash Flows*, and other topics. The update provides guidance on eight specific cash flow issues including the statement cash flows treatment of beneficial interests in securitized financial transactions as well as the treatment of debt prepayment and extinguishment costs. ASU 2016-15 also provides guidance on the predominance principle to clarify when cash receipts and cash payments should be separated into more than one class of cash flows. ASU 2016-15 is effective for public business entities for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted, including adoption in an interim period. We are currently evaluating the impact of ASU 2016-15 on our consolidated statements of cash flows.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We are subject to financial market risks, including changes in interest rates. As of September 30, 2017, all of our debt investments bore interest at floating rates, and we expect that our investment portfolio will, in the future, primarily include floating rate debt investments. The interest rates on our debt investments are usually based on a floating LIBOR, and the debt investments typically contain interest rate reset provisions that adjust applicable interest rates to current rates on a periodic basis. As of September 30, 2017, 95.9% of the debt investments in our portfolio at fair value had interest rate floors between 0.75% and 1.25%. In contrast, our Credit Facility has a floating interest rate provision with no LIBOR floor, and therefore, our cost of funds will fluctuate with changes in short-term interest rates.

Assuming no changes to our consolidated statement of assets and liabilities as of September 30, 2017, the following table shows the approximate annualized impact to the components of our results of operations from hypothetical base rate changes in interest rates to our Loan Portfolio and debt financing.

<i>(\$ in thousands except per share data)</i>			Net change to Net	Net change to Net
Basis point change in base rate	Interest income	Interest expense	Earnings	Earnings
			Earnings	per share
300	\$ 5,762	\$ 2,904	\$ 2,858	\$ 0.29
200	\$ 3,841	\$ 1,936	\$ 1,905	\$ 0.19
100	\$ 1,921	\$ 968	\$ 953	\$ 0.10
(100)	\$ (691)	\$ (968)	\$ 277	\$ 0.03
(200)	\$ (706)	\$ (1,193)	\$ 487	\$ 0.05
(300)	\$ (706)	\$ (1,193)	\$ 487	\$ 0.05

Based on our consolidated statement of assets and liabilities as of December 31, 2016, the following table shows the approximate annualized impact to the components of our results of operations from hypothetical base rate changes in interest rates to our Loan Portfolio and debt financing.

<i>(\$ in thousands, except per share data)</i>			Net change to Net	Net change to Net
Basis point change in base rate	Interest Income	Interest Expense	Earnings	Earnings
			Earnings	per share
300	\$ 6,071	\$ 3,147	\$ 2,924	\$ 0.29
200	\$ 4,010	\$ 2,098	\$ 1,912	\$ 0.19
100	\$ 1,949	\$ 1,049	\$ 900	\$ 0.09
(100)	\$ (12)	\$ (45)	\$ 33	—
(200)	\$ (12)	\$ (45)	\$ 33	—
(300)	\$ (12)	\$ (45)	\$ 33	—

Although management believes that this measure is indicative of our sensitivity to interest rates, it does not reflect any potential impact to the fair value of our investments as a result of changes to interest rates, nor does it adjust for potential changes in spreads or changes in the credit market, credit quality, size and composition of the assets in our consolidated statements of assets and liabilities and other business developments that could affect the net increase/(decrease) in net assets resulting from operations or net investment income. Accordingly, no assurances can be given that actual results would not differ materially from those shown above.

The above sensitivity analysis does not include our CLO equity investments. CLO equity investments are levered structures that are collateralized primarily with first lien floating rate loans that may have LIBOR floors and are levered primarily with floating rate debt that does not have a LIBOR floor. The residual cash flows available to the equity holders of the CLOs will decline as interest rates increase until interest rates surpass the LIBOR floors on the floating rate loans. However, the revenue recognized on our CLO equity investments is calculated using the effective interest method which incorporates a forward LIBOR curve in the projected cash flows. Any change to base interest rates that is not in-line with the forward LIBOR curve used in the projections, in either the timing or magnitude of the change, or change in spreads will cause actual distributions to differ from the current projections and will impact the related revenue recognized from these investments.

The below graph illustrates the forward LIBOR curve utilized in the projected cash flows from our CLO equity investments as of September 30, 2017⁽¹⁾.

(1) Forward LIBOR curve used to develop the cash flows incorporated in the September 30, 2017 valuations and the cash flows used to calculate the effective yield at cost as of September 30, 2017. Source: Bloomberg as of October 17, 2017.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

As of September 30, 2017, we, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Based on that evaluation, our management, including the Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective and provided reasonable assurance that information required to be disclosed in our periodic SEC filings is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. However, in evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of such possible controls and procedures.

Changes in Internal Control over Financial Reporting

There have been no changes in our “internal control over financial reporting” (as defined in Rule 13a-15(f) of the Exchange Act) that occurred during our quarter ended September 30, 2017 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, we may be a party to certain ordinary routine litigation incidental to our business, including the enforcement of our rights under contracts with our portfolio companies. We are not currently subject to any material litigation nor, to our knowledge, is any material litigation threatened against us.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the risk factors described in Part I, “Item 1A. Risk Factors” in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016, which could materially affect our business, financial condition and/or operating results. The risks described in our Annual Report on Form 10-K are not the only risks facing us. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially and adversely affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.

Item 6. Exhibits, Financial Statement Schedules

The following exhibits are filed as part of this report or hereby incorporated by reference to exhibits previously filed with the SEC:

Exhibit Number	Description
<u>*3.1</u>	American Capital Senior Floating, Ltd. Articles of Amendment and Restatement, incorporated herein by reference to Exhibit 3.1 of Form 10-Q for the quarter ended March 31, 2014 (File No. 814-01025), filed May 15, 2014.
<u>*3.2</u>	American Capital Senior Floating, Ltd. Amended and Restated Bylaws, incorporated herein by reference to Exhibit 3.2 of Form 10-Q for the quarter ended March 31, 2014 (File No. 814-01025), filed May 15, 2014.
<u>31.1</u>	Certification of CEO Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
<u>31.2</u>	Certification of CFO Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
<u>32</u>	Certification of CEO and CFO Pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

Section 2: EX-31.1 (EXHIBIT 31.1)

Exhibit 31.1

CERTIFICATION OF THE CHIEF EXECUTIVE OFFICER

I, Kevin Braddish, certify that:

1. I have reviewed this quarterly report on Form 10-Q of American Capital Senior Floating, Ltd.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures

(as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

- (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors:
- (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Section 3: EX-31.2 (EXHIBIT 31.2)

Exhibit 31.2

CERTIFICATION OF THE CHIEF FINANCIAL OFFICER

I, Penni F. Roll, certify that:

1. I have reviewed this quarterly report on Form 10-Q of American Capital Senior Floating, Ltd.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures

(as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

- (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors:
- (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Section 4: EX-32 (EXHIBIT 32)

Exhibit 32

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER AND CHIEF FINANCIAL OFFICER
PURSUANT TO 18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report on Form 10-Q of American Capital Senior Floating, Ltd. (the "Company"), for the fiscal quarter ended September 30, 2017, as filed with the Securities and Exchange Commission on the date hereof (the "Report"), each of the undersigned officers of the Company certifies, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that, to the best of such officer's knowledge:

1. The Report fully complies with the requirements of Section 13(a) of the Securities Exchange Act of 1934; and
2. The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

/s/ KEVIN BRADDISH

Name: Kevin Braddish
Title: President and Chief Executive Officer (Principal Executive Officer)
Date: November 8, 2017

/s/ PENNI F. ROLL

Name: Penni F. Roll
Title: Chief Financial Officer (Principal Financial Officer)
Date: November 8, 2017

The certification accompanies the Report pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 and shall not, except to the extent required by the Sarbanes-Oxley Act of 2002, be deemed filed by the Company for purposes of Section 18 of the Securities Exchange Act of 1934, as amended. A signed original of this written statement required by Section 906 has been provided to the Company and will be retained by the Company and furnished to the Securities and Exchange Commission or its staff upon request.
